

SPONSORSHIP PACKET

sponsorship@hackpsu.org

WHY SPONSOR?

Over the past ten years, we've hosted nineteen hackathons that have brought over 5,000 passionate students from 40+ top universities to Happy Valley to build, innovate, and explore a variety of technologies. Join us during our upcoming hackathon for a weekend packed with opportunity, innovation, and excitement!

< RECRUITMENT / >

For an entire weekend, hundreds of top students engineer creative solutions to challenging problems. By joining us, you'll not only have the chance to receive students' resumes but also interact with students in person through our networking and mentorship opportunities.

< EXPOSURE / >

Take advantage of our hackathon to showcase your products to the new generation of developers, leaders, and consumers. To coordinate this, we offer a variety of promotions ranging from sponsored Keynotes, meals, and swag to hosting one of our challenges.

< FEEDBACK / >

Our hackathon provides an opportunity to observe how developers use your technology in their projects. This invaluable feedback is facilitated from branded challenges, workshops, one-on-one opportunities, and more.

As the largest technology event at Penn State, we need sponsors like you to make each hackathon the best it can be. Sponsorship funds cover all event expenses such as the food, venue, equipment rental, prizes, transportation, and more.

	 Bronze \$1k	 Silver \$2k	 Gold \$5k	 Platinum \$8k
